QUICKSTART

POWER Finder 4G

1. Register the FINDER and follow the instructions at:

2. Turn the FINDER on by:

1. open up the cover case - 2. remove the rubber cover (please do NOT remove or change the SIM card!) - 3. slide the on/off switch to "on" (see picture).

The LED lights indicate the state of the GPS tracker:

Red LED - GPS status

On/off switch

Signal

Meaning

The LED flashes slowly

No signal available. The FINDER is looking for a signal.

The LED flashes quickly

GPS signal is available.

The LED is off

Standby-mode or the FINDER is switched off.*

*If the GPS tracker does not move anymore, the GPS signal will switch off. As soon as the device starts moving again, the GPS signal will automatically switch back on again.

3. Download our app:

ONLINE V2 FINDER PORTAL APP BY PAJ
(available in App Store or Google Play Store)

Red LED

4. Start tracking and protect what you love!
